

Smart Farming Network

THIS PROJECT HAS RECEIVED FUNDING FROM
THE EUROPEAN UNION'S HORIZON 2020 RESEARCH
AND INNOVATION PROGRAMME UNDER GRANT
AGREEMENT N. 696294

Do you want to know what is going on with Smart Farming Technologies around Europe?

Are you a technology developer ? A user? A researcher? Or an agricultural adviser?

Are you involved in arable, field vegetable, tree crops or vineyards?

Would you like to join a pan-European network dealing with Smart Farming Technologies?

smart AKIS
Smart Farming Thematic Network

Smart AKIS is a European Network intended to:

- Bridge up the gap between agricultural practitioners and research
- Mainstream the use and uptake of Smart Farming technologies among the European farmer community
- Inventory the most suitable Smart Farming solutions from the large stock of research results and commercial applications
